POSC 110	American National Government	4 credits
PSYCHOLOGY		
PSYC 101	General Psychology	4 credits

** Course has a prerequisite, a placement test, an audition, or special permission

All courses taken for dual-enrollment credit and passed will be awarded college credits at SU and will be eligible for transfer.

SU is an Equal Opportunity/AA/Title IX university and provides reasonable accommodation given sufficient notice to the University office or staff sponsoring the event or program. For more information regarding SU's policies and procedures, please visit salisbury.edu/equity.

DUAL ENROLLMENT PARTNERSHIP

SAVE TIME & MONEY

Somerset County high school juniors and seniors can enroll in more than 50 courses at SU and earn college credit for free!

Salisbury University & Somerset County Public Schools

Salisbury UNIVERSITY

Make Tomorrow Yours

Why should I consider dual enrollment?

- Earn college credit while still in high school!
- This program is free to all SCPS students!
- Transfer the credits you've earned to any other university.
- Learn the time-management skills, study skills and discipline you'll need to succeed in college.
- Improve your chance of qualifying for scholarships or awards.
- Free up time in college for you to study abroad or double major.
- Graduate from college early, saving you money and giving you a jump start on your career.

What are the dual enrollment eligibility requirements?

- Full-time junior or senior standing at a Somerset County public high school
- Have an overall unweighted grade point average of at least 2.75
- Prerequisite coursework may be required for some courses

How much does dual enrollment cost?

- All tuition costs and required course materials are absolutely free to students, for 1 or 2 courses per regular semester.
- Students may receive permission from their school principal to take up to 4 courses per semester at no cost. Any additional courses, including summer and winter courses, may be taken at regular in-state tuition rates.

How do I apply and register?

Contact your high school guidance counselor for the Somerset County High School Application for Dual Enrollment (see below).

For submission deadlines, check salisbury.edu/dual-enrollment

The packet includes:

- SCBoE's Dual Enrollment Certification Form (signed by school dual enrollment contact)
- SU's High School Students Application for Concurrent Enrollment Form
- Non-degree Registration Form
- Maryland Residency Form

What classes should I take?

The choice of courses is completely up to you (and your guidance counselor)! But, since you will be headed to college soon, we have suggestions!

All universities have common course requirements that every student must take. At a minimum, most require students to complete courses in English composition, mathematics, lab science and two semesters of a foreign language. The dual enrollment courses approved by Somerset County are optimized to help students accomplish these requirements early.
