Information Sheet for 2025-2026 ShoreCorps

ShoreCorps is a scatter-site AmeriCorps federal grant program administered by Salisbury University (SU). ShoreCorps serves the nine Eastern Shore Counties of Maryland (Caroline, Cecil, Dorchester, Kent, Queen Anne's, Somerset, Talbot, Wicomico, and Worcester).

Our mission is to strengthen the capacity of community organizations, to improve the lives of vulnerable populations, and to foster civic engagement through service and volunteerism. We achieve this mission by partnering with community-based organizations, schools, governmental agencies, non-profits, and faith-based organizations to address critical educational, recreational, social and cultural needs of the area. Our AmeriCorps members engage in direct service to build the organizational capacity to address these critical needs and assist with volunteer recruitment and management.

Our partner sites host AmeriCorps members over a 48-week service year for a small fee.

The 48 weeks of service can begin no earlier than Aug.15th 2025 and can run no later than Aug.14th 2026.

- Support from ShoreCorps staff to mentor, supervise, train, coach, and assist with AmeriCorps member development and learning
