

Student Complaint Resolution

The Code of Federal Regulation requires, in part, that institutions provide its “students or prospective students with contact information for filing complaints with its accreditor and with its State approval or licensing entity and any other relevant State official or agency that would appropriately handle a student’s complaint.” 34 CFR Part 668.43(b)

To comply with this regulation, Salisbury University (University) makes every effort to resolve student complaints internally, using policies and procedures primarily outlined on the University’s Policy Page, in the University Catalog, various Handbooks, and in the student Code of Community Standards. Students are expected to familiarize themselves and fully utilize any and all administrative policies, procedures and/or resources provided by the University.

Guiding Principles

- The University strives to provide students with a positive experience by creating a collegial environment in which questions/concerns may be presented to appropriate staff and resolved in a fair and timely manner.
- If a question or concern arises, students are encouraged to first seek resolution by scheduling a meeting (preferable face-to-face) with the faculty, staff, administrator, office or designated point of contact involved.
- If a question or concern is not resolved in a satisfactory manner with the faculty, staff, administrator, office, or designated point of contact involved, students are then encouraged to schedule a meeting with the next level supervisor.
- In rare instances when a matter continues to go unresolved, and all earlier attempts to find a resolution have been exhausted, then the next level supervisor or appropriate senior level administrator who provides broad oversight to the individual/office involved may be contacted for assistance.

Student Complaint Resolution—Points of Contact by Category

Below is a list of policies, procedures and points of contacts for University students. The list of University policies is not a complete list; students should also consult the University’s main policy page for a list of University-wide and University System of Maryland policies:
