

Complainant's Choice of Resolution

Please choose a resolution below and indicate your selection by checking the corresponding box provided:

- I do not wish to pursue a Formal Complaint. However, I have been advised that the University's Fair Practices Officer has ultimate discretion over whether the University proceeds and may sign a Complaint to initiate the resolution process when appropriate.
- I wish to pursue a Complaint under the [Salisbury University Policy Prohibiting Non-Sex Based Discrimination](#) and its accompanying Procedures ("Policy and Procedures"). I am seeking a resolution in the form of:
- Informal Resolution Process
 - Investigation Process (Formal)

I understand that my complaint may be shared with the person against whom allegations have been made, so that they may respond. I understand I will be notified when the complaint is shared.
