

Find Your Major

Salisbury
UNIVERSITY

Undecided? Exploring? Still deciding? If any of these describe how you feel about choosing your major, then Salisbury University is a great fit for you.

Partners in
your progress
from day one

Partners in Your Progress

- Salisbury has a whole set of on-campus resources – from one-on-one advising, to a special orientation session for undecided students, to career exploration staff and tools – to help you look at what you like now and what you want for your future and find that path that makes the most sense for you.
- From day one, you are paired with a professional academic advisor who specializes in helping students like you figure out their college career.

43 majors

We Have the Programs

- SU offers 43 majors (with many having topic-specific tracks) and 73 minors. Looking for something else or a combination of a few? Our Interdisciplinary Studies Program lets you work with advisors and faculty to create the major of your dreams.
- Visit SU's website and click on the Explore Academics tab to learn about what we offer, including a comprehensive program finder that provides information on all our programs and features videos of students telling you in their own words why they love their major.

Student
faculty
ratio 15:1

Experiences Matter Too

- Having professors who care about you, finding a mentor and completing a long-term project – these high-impact experiences are what SU does best.
- We even have a Living Learning Community for first-time freshmen, the Explorers LLC, where you will discover your options while living with other students figuring it all out too.

You have
time

You Have the Time

- We know there is a lot of pressure to declare a major from the very start, but you can declare a major at any time in your first 45 credits, and we'll help you find the smoothest possible path to a degree and career you will love.
- Some of SU's most successful students started out as undecided; we can't wait to get you started on your success story!
